About

Mometrix Test Preparation is the world's most comprehensive test preparation company with study guides, flashcards, and practice questions for over 1,500 different standardized exams.

Catalog

This catalog is organized by exam categories. Our study guides and practice questions are listed alphabetically within each category. When flashcards are available they will be listed in a column to the right of the study guide.

Order

To place an order, simply refer to the order forms in the back of the catalog. To send a purchase order, request a quote, or get in touch with us, refer to our contact information on the back cover. Find out how our custom solutions can meet the needs of your institution.

Print

Mometrix offers test preparation materials in three main formats: study guides, flashcards, and practice question books. Our study guides are aligned with the exam blueprints and include practice questions, test taking strategies, video links, and test anxiety tips. Our flashcards provide similar content in a different format for increased retention and on-the-go studying. Our practice question books include two extra practice tests with detailed answers and explanations for additional practice.

Mometrix Online Courses

Mometrix Online Courses is an online platform with interactive courses for over 30 different exams. You can read through the lessons, take quizzes to measure comprehension, watch video tutorials, and track your progress. You can also download our free app and pick up where you left off. Our courses are available for individual or group access. Contact us for more details.

Digital

Mometrix eLibrary

Mometrix eLibrary offers our entire collection of study guides, flashcards, and practice questions in a user-friendly, online interface. Subscriptions are surprisingly affordable and can be customized to include only the materials you need. Contact us if your institution is interested in a no-obligation, 30-day demo account.

Our Vision is that every person attain the highest score their ability, knowledge and effort will allow, and that no person suffer an unnatural disadvantage due to inadequate opportunity for preparation. This vision, the more it is achieved, empowers individuals to overcome socioeconomic limitations to success, reduces residual bias in the testing process, and leads to better results for test-takers, educators, employers and society at large.
